Lord God, we have come to make joyful noise in your holy sanctuary. We have come to honor and praise you with our voices, hands, and instruments. September 27, 2015 Event:

St. Luke's Pipe Organ ~ 118 Years

The pipe organ at St. Luke's United Methodist Church claims 118 years of continuous service since its dedication in 1897. In 1992, the Fowler Organ Company of Lansing, Michigan, was hired to restore the organ which was funded through a capital campaign.

Recently a new blower was installed to replace one that had been in service for 95 years ago. Soon batteries will be replaced that control the memory system and an air leak will be repaired.

On Sunday, September 27, 2015, during 8:30 a.m. and 10:45 a.m. worship services, head organist, Dr. Charles Barland, will perform Bach's famous "Passacaglia in C minor" as the prelude and postlude "When in Our Music God is Glorified." The handbell and adult vocal choirs will be accompanied by the organ and piano and organ duets will accompany congregational singing.

The congregation and the community will have the opportunity to dedicate support to the upcoming restoration of St. Luke's pipe organ. Mr. Fowler will be present to share his perspective of the church's beautiful instrument. Keeping it in working order for its peak performance will allow continued organ music in worship and provide organ concert venues for the community.
